5. Internet-based Advertising – MiSignal uses cookies to store information that can be used to serve ads relevant to your interests, and to help our advertisers measure the effectiveness of a particular advertisement. This helps us tailor ads to your interests. These cookies can not only help us ensure that you do not repeatedly see the same ads, but (if you opt-out) they can also help us prevent you from seeing targeted ads at all. The information collected with these cookies is not personally-identifiable, and we do not associate it with your Personal Information.

Although we strive to keep your Personal Information secure, no security measures are absolute, and we cannot guarantee that your Personal Information will never be disclosed in a manner inconsistent with this Policy (for example, as the result of unauthorized acts by third parties that violate the law or this Policy). 8. Policies - We have established policies and practices to meet the expectations of Customers and potential customers who have expressed a desire to limit certain types of solicitation communications from MiSignal, including marketing contacts made via telephone, e-mail and text messaging. You also can request to be removed from these telemarketing lists when you receive a marketing or promotional call. Where required by state laws and/or regulations, we honor requests from businesses to be removed from our telemarketing lists.

The FTC maintains a National Do Not Call Registry at <https://www.donotcall.gov/>, and your state may maintain its own Do Not Call Registry. Putting your number on these Registries also may limit our telemarketing calls to that number.

Our practices as described above are designed to satisfy state and federal legal requirements limiting marketing contacts. You should know that those laws and regulations — such as the requirements governing the state and federal "Do Not Call" lists — generally permit companies to contact their own current and, in some cases, former customers, even when those customers are listed on the federal and state "Do Not Call" lists. Similarly, restricting our use of your CPNI will not eliminate all types of MiSignal marketing contacts.

9. Online Advertising - MiSignal works hard to detect and prevent junk e-mails (also referred to as "spam" e-mails) from ever reaching your computer. However, if you are receiving unwanted spam from a MiSignal e-mail address, please contact us for assistance at marketing@MiSignal.com.

10. Account Set-Up - When selecting User names and passwords for MiSignal accounts, you should choose words or characters that are not obvious. Likewise, you should always keep Personal Information such as account numbers, Usernames, passwords or similar information in a secure place and not share the information with others.

11. Policy Changes - Information about our Customers and Users, including Personal Information, may be transferred as part of any merger, acquisition, sale of company assets, or transition of service to another provider, as well as in the unlikely event of an insolvency, bankruptcy, or receivership in which Customer and User records would be transferred to another entity as a result of such a proceeding.

We reserve the right to update this Privacy Policy as necessary to reflect any changes we make and to satisfy legal requirements. If we make a material change to this Policy, we will post a prominent notice of the change on our websites, and provide you with other appropriate notice and choice regarding the use of your information, at least 30 days before the effective date.

Please check our websites periodically for changes to this Privacy Policy.
